Independent Auditors' Review Report on the Unaudited Quarterly Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

**Review report to
The Board of Directors,
Tinna Rubber and Infrastructure Limited,
New Delhi**

1. We have reviewed the accompanying statement of unaudited standalone financial results of **Tinna Rubber and Infrastructure Limited** (the Company) for the quarter ended June 30, 2022 along with notes (the Statement), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, "Interim Financial Reporting" (Ind AS 34) prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists primarily of making inquiries of company personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Page 1 of 3

Basis of qualified conclusion

4. We draw attention to note 8 of the statements, during the pervious year, the Company has opted for Vivaad Se Vishwas Settlement Scheme (scheme). Consequently the additional tax expense of Rs. 556.51 Lakhs arising due to above Scheme has been directly charge off into the other equity instead of charging it to the statement of profit and loss. Therefore, the profit after tax for the year ended March 31, 2022 is overstated by Rs.556.51 Lakhs due to above.

Qualified conclusion

5. Based on our review conducted as above, except for possible impact of matter stated in “basis of qualified conclusion” above, nothing has come to our attention that causes us to believe that the accompanying statement prepared in all material respects in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards (Ind-AS) specified under section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Listing Regulation, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matters

6. We draw attention to:
 - a. Note no. 2 of the accompanying Statement, in relation to accounting of financial guarantee provided by the Company in respect of borrowings availed by one of its associate and other companies (considered related parties) incorporated in India, as is more fully described in the said note.
 - b. Note no. 4 of the accompanying Statement regarding the Company’s non-current investment in TP Buildtech Private Limited an associate company for an amount of Rs.641.25 lakhs, the net worth of which as at 30 June 2022 has been partially eroded. Based on disclosures in the said note, no provision for impairment has been considered necessary in these financial results.

- c. Note no. 5 of the accompanying Statement, in relation to fair valuation of investment in BGK Infratech Limited and Puja Infratech LLP. The Company has not valued these investments at fair value as at June 30, 2022, since the Company is dependent on valuation obtained from external sources arranged by the investee Companies, the management has continued to use the fair values as at March 31, 2022.

Our conclusion is not modified in respect of the above matters.

Other Matters

7. The review of unaudited standalone quarterly financial results for the quarter ended June 30, 2021 and audit of the financial results/financial statement of the Company for the quarter/year ended March 31, 2022, was carried out and reported by erstwhile statutory auditors V.R. Notes to the Standalone Financial Results :

- 1 The above financial results of Tinna Rubber And Infrastructure Limited ('the Company ') have been prepared in accordance with the Indian Accounting Standards (Ind AS)- 34 "Interim Financial Reporting" as prescribed under Section 133 of the Companies Act,2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules,2015 and the Companies (Indian Accounting Standards) Rules,2016.
- 2 The Company has given Corporate Guarantees to associate Company and other group Companies for credit facilities availed by them. The ability to repay the outstanding debt is primarily dependent on generation of cash flows from business operations. The Company's management believes that the associate Company and other group Companies have reasonable business forecast over the next few years and estimated that they will be able to refinance the outstanding debt, if required and meet the debt obligations as and when they fall due and hence they believe that the fair value of financial guarantee obligation on Rs. 4,820 Lakhs has not been recognized in the financial statements and it has been considered as contingent liability.
- 3 The Company's primary segment is reflected based on principal business activities carried on by the Company. As per Ind AS 108 "Operating Segments", as notified under the Companies (Indian Accounting Standards) Rules, 2015, the Company operates in one reportable business segment i.e. Crumb Rubber, Crumb Rubber Modifier, Modified Bitumen & Bitumen Emulsion and allied products and is primarily operating in India and hence, considered as a single geographical segment.
- 4 The Company, as at 30 June 2022, has a non-current investment amounting to Rs.641.25 lakhs (31 March 22: 541.25 lakhs) in its associate Company TP Buildtech Private Limited. While net-worth of the associate as at 30 June 2022 has been partially eroded, the net-worth of this associate does not represent its true market value as the value of the underlying investments/ assets, based on valuation report of an independent valuer dated 26th May 2021, is higher. Therefore, based on certain estimates like future business plans, growth prospects as well as considering the contractual tenability, progress of negotiations/discussions/orders, and current positive performance the management believes that the realizable amount of the associate is higher than the carrying value of the non-current investments due to which these are considered as good and recoverable.
- 5 The Company has invested a sum of Rs. 643.36 lakhs in M/s BGK Infratech Limited and sum of Rs. 37.29 lakhs in M/s Puja Infratech LLP which is to be valued at fair value through other comprehensive income in accordance with IND AS 109 "Financial Instruments" as specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2015. The Company had shown the fair value of entities for the year ended 31st March, 2022. Since the company is dependent upon external sources arranged by the Investee Company, the management has continued to use the fair value as at 31st March 2022 for this current quarter also. In view of the circumstances and complexities involved in fair valuation of the investee company, the management has adopted the policy of obtaining the fair value once in 3 years and has relied upon the certificate given by the management of the investee company that there are no material changes since the valuation last available of the investee company .
- 6 Tinna Rubber B.V. is incorporated at Amsterdam, Netherland a wholly owned subsidiary company on 08.09.2021 with Authorised Capital of Euro 10,000 (divided into 1000 equity shares of Euro 10 each).The objective of the subsidiary company is to carry on business of Waste Recycling, End of Life Tyre Recycling and Trading of Waste material/scrap which is in line with objectives of the Company.The Capital infusion in Subsidiary Company is yet to take place and opening of bank account is under process.
- 7 Corresponding figures of prevoius year/quarters has been re-grouped /re-classified wherever necessary.
- 8 During the previous year the Company has settled old one of the outstanding dispute regarding Income Tax relating to financial year 2013-14. In the said year the company paid tax as Minimum alternate Tax of Rs. 442 Lakhs in normal course. However Department assessed the same as per normal income tax rate and has raised additional demand of Rs. 1107.73 Lakhs including interest and penalty. The company was contesting the demand in Appeal and made pre-deposit of Rs. 251.00 Lakhs in earlier years . For settlement of disputes, the Government had introduced Vivad se Vishwas settlement Scheme in which only principal is to be paid and interest and penalty would be waived. To buy peace, the company had applied for settlement of the dispute in the Vivad se Vishwas scheme. The Company expects that Rs. 206.19 lakhs principal tax liability would be adjusted from deposit and balance would be refunded. As the tax dispute relates to earlier years and it has no bearing on current year income hence Management considers it proper to adjust the tax impact of above demand Rs. 556.51 lakhs (tax liability Rs. 206.19 lakhs, Reversal MAT Credit entitlement claimed in earlier year Rs. 442.44 lakhs and write back of provision of interest on income tax Rs. 92.12 Lakhs). Hence during the previous year the tax liability of Rs. 556.51 lakh was directly charge to other equity instead of charge to statement of Profit and loss.
- 9 The Unaudited Standalone financial results of the company for the quarter ended 30th June 2022 have been reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on 30th July 2022.

- 1 The above financial results are extracted from the unaudited Ind AS Consolidated Financial Statements of the Holding Company, which are prepared in accordance with Indian Accounting Standard ("Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder. The said financial results represent results of the Holding Company and its associate which have been prepared in accordance with Ind AS 110- 'Consolidated Financial Statements' and Ind AS 28- 'Investments in associates and joint ventures'.
- 2 The Holding Company has given Corporate Guarantees to associate Company and other group Companies for credit facilities availed by them. The ability to repay the outstanding debt is primarily dependent on generation of cash flows from business operations. The Holding Company's management believes that the associate Company and other group Companies have reasonable business forecast over the next few years and estimated that they will be able to refinance the outstanding debt, if required and meet the debt obligations as and when they fall due and hence they believe that the fair value of financial guarantee obligation on Rs.4,820 Lakhs has not been recognized in the financial statements and it has been considered as contingent liability.
- 3 The Holding Company's primary segment is reflected based on principal business activities carried on by the Holding Company. As per Ind AS 108 "Operating Segments", as notified under the Companies (Indian Accounting Standards) Rules, 2015, the Holding Company operates in one reportable business segment i.e. Crumb Rubber, Crumb Rubber Modifier, Modified Bitumen & Bitumen Emulsion and allied products and is primarily operating in India and hence, considered as a single geographical segment.
- 4 The Holding Company has invested a sum of Rs. 643.36 lakhs in M/s BGK Infratech Limited and sum of Rs. 37.29 lakhs in M/s Puja Infratech LLP which is to be valued at fair value through other comprehensive income in accordance with IND AS 109 "Financial Instruments" as specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2015. - 5 During the previous year the holding Company has settled old one of the outstanding dispute regarding Income Tax relating to financial year 2013-14. In the said year the holding company paid tax as Minimum alternate Tax of Rs. 442 Lakhs in normal course. However Department assessed the same as per normal income tax rate and has raised additional demand of Rs. 1107.73 Lakhs including interest and penalty. The company was contesting the demand in Appeal and made pre-deposit of Rs. 251.00 Lakhs in earlier years . For settlement of disputes, the Government had introduced Vivad se Vishwas settlement Scheme in which only principal is to be paid and interest and penalty would be waived. To buy peace, the company had applied for settlement of the dispute in the Vivad se Vishwas scheme. The Company expects that Rs. 206.19 lakhs principal tax liability would be adjusted from deposit and balance would be refunded. As the tax dispute relates to earlier years and it has no bearing on current year income hence Management considers it proper to adjust the tax impact of above demand Rs. 556.51 lakhs (tax liability Rs. 206.19 lakhs, Reversal MAT Credit entitlement claimed in earlier year Rs. 442.44 lakhs and write back of provision of interest on income tax Rs. 92.12 Lakhs). Hence during the previous year the tax liability of Rs. 556.51 lakh was directly charge to other equity instead of charge to statement of Profit and loss.
