India Wants WTO Fish Subsidies Pact to be Equitable

Keen to finalise agreement at WTO MC12

Our Bureau

New Delhi: India will agree to a World Trade Organisation agreement on fisheries subsidies if the deal is equitable and does not lock member countries in any disadvantageous position in perpetuity even as it is short of finding the right balance and fairness in the agreement simultaneously.

Indian New Chair of WTO Panel

New Delhi: After a gap of ten years, an Indian government official, Anwar Hussain Shaik, has been made the chair of the WTO's committee on Technical Barriers to Trade (TBT). Shaik will take this role from Elisa Maria Ochoa, regional chair from Mexico.

The chair of fisheries subsidies negotiations, Ambassador Shaik, said that India has called a week-long meeting - Fish Decision Week - from May 30 to resolve the issues. MC12 will be held from June 12-15. "India is committed to concluding the negotiations as soon as possible and providing space for equitable trade and freedom in developing fishing capacities for the future, without locking members into disadvantageous arrangements in perpetuity," a person familiar with the negotiations said.

A Correction

The May 25 story headlined "Wheat Traders go to Court as MNCA Caneet Contract" should have referred to KN Resources and not KN Agril Resources. The latter is not engaged in wheat exports and has no contract in Kandia to buy the grain. The error is regretted.
